This Agency is authorized to require this information under Section 4 and Title X of the Environmental Protection Act (415 ILCS 5/4, 5/39). Failure to disclose this information may result in a civil penalty of not to exceed \$50,000 for the violation and an additional civil penalty of not to exceed \$10,000 for each day during which the violation continues (415 ILCS 5/42) and may also prevent this form from being processed and could result in your application being denied. This form has been approved by the Forms Management Center.

MS4 ANNUAL FACILITY INSPECTION REPORT
NPDES PERMIT FOR STORM WATER DISCHARGES

Village of Midlothian
April 2022 to March 2023

- A. There have been no significant changes regarding the Village BMP Schedule during the current reporting cycle.
- B. The Village believes that the BMPs identified in the NOI are appropriate for the time period under the previous permit. The status of compliance is indicated on the attached Summary that is numbered to correspond with the permit application. Measurement of progress towards implementing the BMPs has occurred during the reporting period as outlined below:
 - Public Education and Outreach
 - Website: The Village's Storm Water Management webpage includes their annual report and brief description of the plan, how every day events can impact the quality of their stormwater, and how the residents can help.
 - Public Participation/Involvement:
 - Annual Village Clean-up Day: Residents get together to clean up the Village every year
 - Reporting of Illicit Discharge: Information regarding what the residents can do to help understand and identify sources of pollution is provided on the Village's website which includes a phone number to report illegal dumping.
 - Recycling Program: The Village's recycling program is still available to all of the residents in Midlothian. Related information and links are available on the website.
 - Illicit Discharge Detection and Elimination:
 - Storm Sewer Map: The Village updates the Storm Sewer Atlas on a regular as needed/project by project basis.
 - Regulatory Control Program: The Village continues to enforce their Code with regard to Use of Public Sewers and Prohibited Discharges. The website includes a phone number to report illegal dumping. No phone calls were received during this reporting period.
 - Visual Dry Weather Screening: Dry weather screenings of storm structures were done at several locations during this reporting period. No physical indicators of illicit discharges were found.
 - Public Notification: The Village continues to provide its residents with annual updates on the NPDES program at the Village Board Meetings through their Public Service Statements.

- Construction Site Runoff Control:
 - Regulatory Control Program: The Village continues to enforce their Erosion and Sediment Control Ordinance. The Village's requirements are actually more stringent in that they require measures on properties that have any amount of land disturbance.
- Post-Construction Runoff Control:
 - Regulatory Control Program: The Village continues to enforce their Flooding and Stormwater Ordinance with regards to stormwater runoff from new development and redevelopment projects. The Ordinance includes requirements for stormwater discharge, conveyance, erosion and sediment control, as well as stream and wetland protection.
- Pollution Prevention/Good Housekeeping
 - Employee Training Program: The Village regularly trains personnel regarding fleet and building maintenance, operation of storage yards, snow removal, street cleaning...etc.
 - Inspection and Maintenance Program:
 - The Public Works Department regularly performs street sweeping.
 - The Public Works Department regularly performs storm sewer cleaning.
 - The Public Works Department performs snow plowing and deicing treatment of roadways.
 - The Public Works Department attempts to keep its maintenance yard tidy.
 - Flood Management:
 - FEMA compliance is handled by the Village. The Village has a Class 7 Community Rating Survey rating.
 - The Village posts flood information on its website and includes information and notices in its newsletters.

- C. No monitoring data was collected during this reporting period.
- D. The Village works with the Metropolitan Water Reclamation District of Greater Chicago to enforce the Cook County Watershed Management Ordinance as applicable.
- E. For the period from March 2022 to March 2023, the Village has not funded any significant construction projects requiring sediment and erosion control permitting.
